

DREMZ INTERNATIONAL

Manufacturer of Precision
Brass Turned Components

About Us

30+
Years of
Experience

We Are Committed Towards Complete Customer Satisfaction

WHEN YOU NEED EXPERIENCE, WE HAVE IT COVERED.

We are a client-centric organization that is focused towards meeting the clients' requirements and demands in the best possible manner. In order to match up to the expectations of our clients, we manufacture our products using optimum quality materials. Our wide range of offerings includes Brass Electrical Parts, Brass CNC Turned Components, Brass Auto Parts, Brass Forging Components, Brass Inserts, Brass Fittings, Brass Gas Parts, Brass Air Compressor Parts, Earthing & Lighting Accessories, etc.

- ISO 9001:2015 Certified Company
- Modern & Innovative Infrastructure
- Supreme Quality Products
- On - Time Deliveries

WHAT WE'RE OFFERING

We provide best services for your business

Quality Products

We have state of art manufacturing facilities with best machineries and quality control panel to deliver highest quality products.

Dedicated Team

We are a team of highly skilled & experienced professionals, who endeavor their best to achieve the goals of our company successfully.

Cost Effective Price

The best part is we deliver high quality work at very highly competitive prices. We believe that price is a key to sales success.

On Time Dispatch

Our continuous observation of our customer's demand and supply gap enable us to offer the right products on the right time.

- ✓ Expert & Certified
- ✓ Skilled Employees

- ✓ Visual Inspection
- ✓ Quality Control

- ✓ Competitive Price
- ✓ Quality Packing

Quality

A world class manufacturing team, built for you.

Our target is to provide zero defects products to client which is remarkable in industry. To meet the global demand we take care at every stage right from raw material production to finished goods. Our quality assurance team is trained and well experienced.

Brass Electrical Parts

We are manufacturing all kinds of Brass Electrical Parts and Brass Electrical Fittings like Electrical Plug Pins, Sockets Pins, Brass Neutral Links, Brass Terminal Blocks, Brass Switchgear Parts, Brass Terminals and more. Brass Electrical Parts are consumed in various applications like Toggle Switches, Modular Switches, Switchgears, Fuse Switches, Plug Pins & Sockets and many Electrical & Electronic Equipments or Parts.

Brass Air Compressor Parts

In line with clients' variegated requirements, we bring forth a distinguished collection of Brass Air Compressor Parts. Our offered brass air compressor parts are extensively used as a component in various types of machines and is made using supreme quality raw material and ultra-modern technology. The provided brass air compressor parts are tested by our quality controllers to ensure its best quality.

Brass Flare Fittings

We are manufacturer & exporter of a wide range of premium quality Brass Flare Fitting Parts. We provide a range of Brass Flare Fittings Parts including Brass Flare Unions, Brass Flare Adaptors, Brass Flare Nuts, Brass Flare Elbows, Flare Male Branch Tees, Triple End Flares, Flare Male Connectors, Flare Female Connectors, Flare Long Nuts and More.

Brass Compression Fittings

We are manufacturer, supplier and exporter of complete range of Brass Compression Fittings such as Compression Connectors, Union Joint, Elbow Fittings, Olive Union, Compression Tees, Reducing Elbow, Bulkhead Union, Olive Elbow Assembly, Branch Tee, Olive Nut, Compression Nuts, Compression Adaptor, Sleeve, Compression Olives, Brass Pneumatic Fittings, P U Connectors, Four Way any kind of Brass Compression Fittings can be developed as per customer's specifications.

Brass Engineering Components

With our spacious experience and knowledge, we are engaged in offering a wide range of Brass Engineering Components. Our offered range is available in various sizes, shapes & dimensions as per clients requirements and can be customized in various options. The products offered by us are manufactured using topmost grade raw material and progressive technology.

Brass CNC Turned Components

Brass CNC Turned Components are widely used for general fabrication, milling, fastening, machining, and other procedures due to their high reliability and durability. They are available in a variety of dimensions and are completely abrasion-resistant. Our CNC components are precisely designed and engineered by our skilled professionals, who employ cutting-edge techniques and high-quality raw materials. The range of CNC components are manufactured as per industry standards and norms.

Brass Precision Components

We are manufacturing all kinds of Brass Electrical Parts and Brass Electrical Fittings like Electrical Plug Pins, Sockets Pins, Brass Neutral Links, Brass Terminal Blocks, Brass Switchgear Parts, Brass Terminals and more. Brass Electrical Parts are consumed in various applications like Toggle Switches, Modular Switches, Switchgears, Fuse Switches, Plug Pins & Sockets and many Electrical & Electronic Equipments or Parts.

Brass Forging Components

We are specialized in Manufacturing of Brass Forging Components. We can Manufacture any type of Brass Forging Components, Brass Forging Parts, Brass Forging Fittings, Brass Forged and Machined Parts, Brass and Gunmetal Die Casting Components and Brass Forging Parts for various industries including Water Valve and Pipe Fittings, Plumbing and Sanitary Fittings, Agricultural Equipment, Automotive Parts, LPG and CNG Valve Fittings, Electrical and Engineering Assembly.

Brass Inserts

The wide range of Brass Inserts include threaded molding inserts, ultrasonic molding inserts, knurled molding inserts, molding inserts for plastic, wood molding inserts and more. The range of standard and high quality molding inserts designed to molded into the plastic, wood or any molded components. We are looked upon as one of the prominent Brass PPR, CPVC & PPRC Inserts Suppliers in India.

Brass Auto Parts

We are specialized in manufacturing and customizing any kind of brass auto parts as per customer requirements and CAD drawings. We are using excellent quality raw materials and advanced technology to ensure high durability and anti-corrosive property of automobile parts. All our auto parts are compliance with the international standards and industry norms.

Brass Gas Parts

Enhancing the efficacy of the Brass LPG gas Parts, Brass CNG, PNG Parts, etc. Our Brass Gas Parts are precisely designed by the engineers. Brass Gas Parts offered by us are available in various dimensions and sizes to match the different needs of the clients. Use of superior quality brass assures high durability and strength of the Brass Gas Parts.

Brass Quick Release Couplings

Our company holds expertise in offering premium quality Brass Quick Release Couplings to our valuable customers. Owing to their high performance and longer serving life, these fittings are highly demanded for various industrial applications. With our spacious and well-equipped warehousing unit, we offer these fittings in bulk quantities and at market best price.

Earthing & Lighting Accessories

Earthing system is very essential to be properly installed and designed to uphold both the equipment and lives. When earthing system is installed, the chances of short circuit and current leakage are felt so to avoid this, proper installation of earthing accessories is necessary. We provide precision quality of Brass Earthing Accessories, Copper Earthing Accessories & Lighting Accessories.

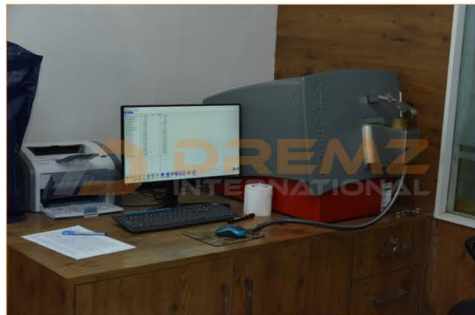

Grounding & Pole Line Accessories

Over a long period of time, our company has become a distinguished manufacturer, supplier and exporter of a broad assortment of Grounding & Pole Line Accessories. The offered accessories are created by making use of top-notch grade cast iron and other requisite raw material. In order to complete the task of fabrication, we have state-of-the-art infrastructure unit where many advanced machinery are available.

Infrastructure

We at Dremz International have In-House Manufacturing Facility with innovative machineries & operations with new technology to produce zero-defect and high performance Brass Components. The industry is installed with latest and ultra modern automatic equipments which are run and maintained by well experienced staff who produce controlled quality material. The sophisticated production facilities enable us to execute orders of various sizes and specifications. The infrastructural facilities are also equipped with sophisticated packaging equipment and machinery to ensure quality packaging that ensures safety of products during transit and delivery.
